

Environmental Policy

Donaldson Group are committed to ensuring that our natural and built environment is safeguarded for future generations to enjoy.

We are committed to continuing to improve our environmental performance, minimizing our environmental impact, and making resource efficiency a core requirement of all our operations.

We will seek to promote good practice by others, including any sub contractors we promote.

Energy

Donaldson Group will monitor and manage its consumption and use of energy. We will work to reduce our contribution to emissions of gases and other pollutants which are believed to contribute to global climate change.

Water

Donaldson Group will work to reduce the consumption of water within our buildings and reduce discharges.

Waste

Donaldson Group will work to reduce the volume of waste within its buildings and projects, by wherever possible:

- Reducing consumption of
- Repairing
- Re-using
- Re-cycling

all materials used within its buildings and projects, both in daily operations and in construction and specific one off projects.

Transport

Donaldson Group will monitor and work to reduce its contribution to environmental emissions from travel undertaken for business purposes.

Procurement

Donaldson Group will purchase goods and services to minimise adverse environmental effects. Donaldson Group will seek to undertake sustainable procurement actions that comply with EC regulatory requirements and UK Government policy on public procurement and its requirement to provide best value.

Donaldson Group will use local suppliers where appropriate and will encourage its suppliers to commit to improving environmental performance.

Other

Where possible, Donaldson Group will monitor and manage its consumption and use of other resources and materials used within its buildings and projects, working to minimise our reliance on non-renewable resources and to avoid use of any hazardous substances.

Our Staff

Donaldson Group recognise the responsibility that its staff have in contributing to good environmental management. Donaldson Group will seek to harness and channel the enthusiasm and interest shown by staff and will provide appropriate information and support to ensure that all its staff exercise their environmental responsibility.

Our Visitors

Donaldson Group will encourage our visitors to cherish our environment so that it can be appreciated by future generations. We will seek to raise awareness amongst our visitors of the impact that tourism can have and what they can do to reduce their impact.

Our Business Partners

Donaldson Group will promote environmental good practice to its business partners, encouraging a shared responsibility to protecting the environment that brings to so many of our visitors and businesses.

Donaldson Group will incorporate the principals set out in this environmental policy into its day to day operations, developing appropriate procedures, targets and action plans as required, which will be reviewed on a quarterly basis and reported on annually.
